Although you have applied to make a deposit in the retirement fund for the service shown above, this service is not creditable for retirement, and therefore no deposit can be accepted. The reason that credit cannot be allowed for this service is checked on the other side of this letter.

If this service was the only service for which you applied to make deposit, no further action will be taken on your application. If other service was included in your application, a statement covering the other service is enclosed or has previously been sent to you.

If you believe that the action taken in disallowing credit for all or any part of this service is not proper, you are, under the Commission's regulations, allowed six months from the date of this notice within which to make an appeal. An appeal, if made, should show your name and address, your claim (CSD) number, and the reasons for the appeal and should be addressed to the United States Civil Service Commission, Bureau of Retirement and Insurance, Washington, D. C. 20415. You should also submit evidence which you think will support your appeal. A copy of the Rules Governing Appeals is enclosed.
